

## **NMF-Detroit Marfan Network Group Invitation**

Please accept an invitation to you, your family and friends for the NMF-Detroit Network Group meeting. This will be a chance to meet people in the area, to share doctor information and resources, and to seek out practical advice about living successfully with Marfan syndrome. It is important to create a local network in helping to prepare for the challenges that Marfan brings, and to become the best self-advocate for your own healthcare. The goal of the group is to educate group members and to educate the community. Through Marfan community networking, members have a lot to offer to each other and to receive in return. Please plan on coming! Our web site is in [www.marfan.org](http://www.marfan.org) (local support services).

When coping with chronic illness, it is wise to know how to prepare the legal forms required in case of medical emergency. Mr. Burns will introduce us to legal forms such as medical power of attorney, durable power of attorney and other forms that may be necessary.

One important function of our group meeting is to share info of good doctors who take care of Marfan patients. Let us share our good doctor stories at our next meeting.
