

Victor A. McKusick Fellowship Award

REQUEST FOR PROPOSALS

on Marfan Syndrome

The National Marfan Foundation's Victor A. McKusick Fellowship Program is designed to cultivate promising young physician scientists or research scientists conducting basic, translational or clinical research in the field of Marfan syndrome and related disorders | This award is being given to stimulate advancement toward independent research in the field of Marfan syndrome | During the fellowship phase, the applicant will be required to work with a mentor who can provide a training environment conducive to beginning a career in any of the disciplines related to Marfan research including cardiovascular, orthopedic, ophthalmologic, pulmonary and genetics specialties | Fellowship awards will be given based on proposal evaluations by the NMF Scientific Advisory Board with the approval of the NMF Board of Directors | No overhead or indirect costs will be considered | Proposals must be prepared according to NMF guidelines and will only be accepted electronically | Application and guidelines can be obtained by contacting the NMF office or at www.marfan.org ■

**Two-Year Fellowship Awards are available for
Ph.D.'s for up to \$50,000 per year and MD's up to \$75,000 per year**

Application Deadline: February 6, 2012

Award Announcement: May 4, 2012

Funds Available: July 1, 2012

**Contact the NMF office or visit www.marfan.org
for guidelines and application.**
